

Online Associate of Arts Degree

Offered by Central Community College in Nebraska

Central Community College in Nebraska provides the opportunity to earn an associate of arts degree entirely through online study.

The associate of arts degree provides the first two years of a study toward a bachelor's degree. Credits earned as part of the A.A. program are designed to transfer to four-year colleges and universities.

All of the courses listed below are available online and apply toward the AA. degree. You can register for these courses online, but before beginning the program you must contact a CCC admissions counselor, who will develop a program of study that meets the specific requirements for your intended college major at the college or university where you intend to complete your bachelor's degree.
